What is it for?

BalliolLISTEN is there to provide a way to contact JCR Officers in anonymous way. It should be there to voice any concerns and opinions that you want the respective officers to listen to. Importantly it lets you do this in a completely anonymous way.

What are other ways to get in touch?

Of course you can also contact the Officers in many other ways. For example BalliolCHAT provides highly secure end-to-end encrypted instant messaging. This can be accessed via the mobile app or through a browser. Scan the code below to get started.

Technical Details

The system runs using the open-source software produced by Globaleaks. This is state of the art software designed to ensure that anonymity is preserved.

For enhanced anonymity connect to BalliolLISTEN using the Tor Browser. Then not only will people not be able to see what you reported but they also won't be able to tell that you reported anything.
